# Discussion Questions

- ▶ Think about your classroom. How might you integrate some of what you learned today into units/content you are already teaching?
- ▶ What would you still need (besides time) to do this work? Who could you use in the community to help? (CSA is community too.....)
- ▶ How can we connect Hindu nationalism today with partition? Or connect Hindu nationalism with American nationalist movements?
- ▶ What are you excited about? What are some challenges you foresee?

Any other Questions?
